I sure hope when January is gone all of our bad weather will go with it. My, what a bad day Sunday was. I want all the ground hogs to stay close in on Feb. 2nd. so we can have some pretty nice weather. I was told by a nice little boy "if you got out I may go also." Can you beat that.

Mrs. Parks Jennings and Mrs. Monroe Dyers and children, Robert and Mary, visited at Bedford City on last Friday with Dr. and Mrs. Thomas Jennings and family.

Rev. and Mrs. Colie Rock and boys of Littleton, N. C., visited with Rev. and Mrs. John Leitner last Tuesday and several other homes near here. They are always welcome guests in our community.

Mr. and Mrs. Kelly Stratton and Double spent Sunday with her parents, Mr. and Mrs. Lyle Thomas, and family.

Mr. and Mrs. E. O. Showalters and son, Steven, of Lynchburg, spent last Sunday with her parents, Mr. and Mrs. C. D. Carson.

Mrs. Henry Beard visited her parents, Mr. and Mrs. E. L. Chick on Monday. Sunday was the first time the weather was too bad for her to visit her parents since she has been away from them. Snow or no snow, she always came to see about them. Quite a record I think for a young lady.

Mr. and Mrs. Harry Nash, of Brookneal, expect to spend today with Mr. and Mrs. Lester Carson.

We still have lots of sickness in our community. Hope everyone will soon be feeling better.

We are so glad to know Mrs. R. H. Thornhill has returned home after spending a long time with her daughter, Mrs. Tom McVetty, and her family in Michigan.

Mrs. Helen Moore Goulden spent last Saturday in Washington, D. C.

Boy Scouts Celebrate Anniversary

Boy Scouts and Cub Scouts throughout America are celebrating the Golden Anniversary of Scouting this week. Many prominent business men, statesmen and scientists have grown to responsible manhood under the guidance of the national Boy Scout program. This program is designed to prepare boys mentally, physically and morally to take their rightful place as tomorrow's citizens.

Originating in England shortly after the turn of the last Century, Scouting came to America independently under the leadership of Ernest T. Seaton and Daniel A. Beard. Later these two separate movements were merged to form the Boy Scouts of America in 1912 and the organization has continued to grow and serve American youth ever since.

Today, eight year old boys join a Cub Pack and earn recognition for achievements as they progress through various age ranks with the assistance of their parents. During this phase of their scouting career great stress is placed on family activities involving both the boys and their parents. Once they reach their eleventh year, they can join the regular Boy Scout Troop where, under the guidance of a Scout Master and older Troop leaders they are encouraged to strive for competative self-development. Keynoten of the Senior Scouting program are continued in the words BUILD, SERVE, ACHIEVE.

In Appomattox, Scout Troop No. 546 and Cub Pack No. 546 are striving daily to bring the benefits of good scouting into the lives of the families of our community. Some of the highlights of the National Boy Scout Week celebration will be a window display at the Appomattox Hardware, group attendance at the regular Sunday Morning Service of Memorial Methodist Church and participation in the February monthly meeting of the Elementary School Parent-Teacher's Association.

The following is a list of local Scout leaders:

Pastor Stout and members are working hard these days and are well under way with the 'dress-up' plan for our church. Soon our church auditorium and the pastor's study will have these fine improvements.

Postal Receipts Up For Past Year

(Special to Times-Virginian)

New York.- Feb. 5.- For business firms and individuals in Appomattox, the use of the mails will cost an estimated $50,480 in the next fiscal year.

The amount is based on an increase in rates asked for by President Kennedy and already approved by the House. Similar action, with possible minor adjustments, is also expected to to be taken shortly by the Senate.

It calls for increases in first, second and third class mail totaling $701 million a year.

The $9,500 share of this hike that local residents will have to assume represents an increase of some 19 per cent over their expenditures of last year.

In fiscal 1961, according to the official Post Office Department figures, mail costs locally amounted to $49,980.

They will rise to an estimated $59,480 under the new new bill.

This assumes average, normal conditions.

The principal change, as far as most individuals are concerned, is that it will cost a nickel instead of four cents to mail a letter. Postcards and air mail will also go up one cent.

The total increase in these first class categories comes to $456 million.

Newspapers, magazines and other business enterprises that use the mails are also vitally concerned. The increase of over $53 million in second class rates that is scheduled will add a heavy burden to many of them, they contend."

Third class mail, which covers bulk mailings, is in for a $161 million boost, much more than the administration asked for. There will be no rise in fourth class.

In urging the revision in mail rates, the government held that the postal service is in business and should be operated as such, with revenues sufficient to cover expenses.

Opponents to the increases argue that it is a public service and that any additional funds needed for its operation should come from the general revenues, just as do the expenses of other government agencies.

Those who are protesting the increase in letter mail to five cents point out that the Post office Department is at least breaking even in this category right now, and that the proposed rise would yield a 25 per cent profit for first class.

It's funny that with all this money spent on research, that the cost of living stays put.

The trouble with most hospitality today is that paying back an obligation.

Pancake Day A Success

Approximately 500 persons attended the Jaycee Pancake Day at the High School Cafeteria Saturday. About $350 has been turned in to date, but a few ticket sellers have not yet made their reports. Net proceeds go to the club's various charity projects.

A full meal of tomato juice, sausage, pancakes with butter and syrup, coffee and milk was served from 7 a.m. to 8 p.m. with musical entertainment throughout the day and a sock hop in the gym from 8 to 11 p.m.

Some 30 members of the club along with a few Jaycee wives were on hand at various times during the day to work in shifts cooking, serving and cleaning up. The largest crowd was served between the hours of 5 p.m. and 8 p.m., but no one had to wait more than a few minutes to be served.

The committee, headed by Bill Sperry, today expressed its gratitude to all business firms which had contributed to the success of the event by means of donations and advertising placed in the local newspaper. Also to the Piney Mountain Band for some fine country music, which added much to the entertainment, and to all the fine citizens of Appomattox County who supported this project by buying tickets and attending the function.
